## ***Patient to Patient Support Initiative (PaPSI)***

**Tuesday 11<sup>th</sup> July 2017 10:00-12:30**

**Venue:** The Nightingale Centre, Wythenshawe Hospital, M23 9LT

### **Meeting Room B**

Following a very successful pilot since August 2015, we have launched a small Patient to *Patient Support Initiative* (PaPSI) to help new breast cancer patients as well as breast cancer survivors. The patient's feedback so far has been very positive. It is moderated by a GP who herself is a breast cancer survivor and further supported by volunteers and UHSM Chaplaincy Department.

Initially the support will be a 1:1 telephone discussion followed by support at facilitated small group meetings at the Nightingale Centre.

Such patients can either directly contact Saima Rashid (as below) or she can be contacted on their behalf.

Saima Rashid, Administrative Assistant ABC Support Group
